

# **Bandonbridge N.S Data Protection Policy**

**Date ratified by BoM: 09/10/2018**

## INTRODUCTORY STATEMENT

The school's Data Protection Policy applies to the **personal data** held by the school's Board of Management (BoM), which is protected by the Data Protection Acts 1988 to 2018 and the EU General Data Personal Regulation (GDPR).

The policy applies to all school staff, the BoM, parents/guardians, students and others (including prospective or potential students and their parents/guardians and applicants for staff positions within the school) insofar as the measures under the policy relate to them. Data will be stored securely, so that confidential information is protected in compliance with relevant legislation. This policy sets out the manner in which personal data and special categories of personal data will be protected by the school.

## DATA PROTECTION PRINCIPLES

The school BoM is a *data controller of personal data* relating to its past, present and future staff, students, parents/guardians and other members of the school community. As such, the BoM is obliged to comply with the principles of data protection set out in the Data Protection Acts 1988 to 2018 and GDPR, which can be summarised as follows:

1. **Obtain and process Personal Data fairly**

Information on students is gathered with the help of parents/guardians and staff. Information is also transferred from their previous schools. In relation to information the school holds on other individuals (members of staff, individuals applying for positions within the school, parents/guardians of students, etc.), the information is generally furnished by the individuals themselves with full and informed consent and compiled during the course of their employment or contact with the school. All such data is treated in accordance with the Data Protection legislation and the terms of this Data Protection Policy. The information will be obtained and processed fairly.

2. **Consent**

Where consent is the basis for provision of personal data, (e.g. data required to join sports team/ after-school activity or any other optional school activity) the consent must be a freely-given, specific, informed and unambiguous indication of the data subject's wishes. Bandonbridge N.S. will require a clear, affirmative action e.g. ticking of a box/signing a document to indicate consent. Consent can be withdrawn by data subjects in these situations.

3. **Keep it only for one or more specified and explicit lawful purposes**

The BoM will inform individuals of the reasons they collect their data and the uses to which their data will be put. All information is kept with the best interest of the individual in mind at all times.

4. **Process it only in ways compatible with the purposes for which it was given initially**

Data relating to individuals will only be processed in a manner consistent with the purposes for which it was gathered.

**5. Keep Personal Data safe and secure**

Only those with a genuine reason for doing so may gain access to the information. Personal Data is securely stored under lock and key in the case of manual records and protected with computer software and password protection in the case of electronically stored data. Portable devices storing personal data (such as laptops) are encrypted, where practicable, or password-protected before they are removed from the school premises. Confidential information will be stored securely and in relevant circumstances, it will be placed in a separate file which can easily be removed if access to general records is granted to anyone not entitled to see the confidential data.

**6. Keep Personal Data accurate, complete and up-to-date**

Students, parents/guardians, and/or staff should inform the school of any change which the school should make to their personal data and/or sensitive personal data to ensure that the individual's data is accurate, complete and up-to-date. Once informed, the school will make all necessary changes to the relevant records. Records must not be altered or destroyed without proper authorisation. If alteration/correction is required, then a note of the fact of such authorisation and the alteration(s) to be made to any original record/documentation should be dated and signed by the person making that change.

**7. Ensure that it is adequate, relevant and not excessive**

Only the necessary amount of information required to provide an adequate service will be gathered and stored.

**8. Retain it no longer than is necessary for the specified purpose or purposes for which it was given**

As a general rule, the information will be kept for the duration of the individual's time in the school. Thereafter, the school will comply with Department of Education and Skills (DES) guidelines on the storage of Personal Data relating to a student. In the case of members of staff, the school will comply with both DES guidelines and the requirements of the Revenue Commissioners with regard to the retention of records relating to employees. The school may also retain the data relating to an individual for a longer length of time for the purposes of complying with relevant provisions of law and or/defending a claim under employment legislation and/or contract and/or civil law.

(See School Record Retention Appendix 1)

**9. Provide a copy of their personal data to any individual on request**

Individuals have a right to know and have access to a copy of personal data held about them, by whom, and the purpose for which it is held.

## **SCOPE**

The Data Protection legislation applies to the keeping and processing of *Personal Data*. The purpose of this policy is to assist the school to meet its statutory obligations, to explain those obligations to School staff, and to inform staff, students and their parents/guardians how their data will be treated.

The policy applies to all school staff, the BoM, parents/guardians, students and others (including prospective or potential students and their parents/guardians, and applicants for staff positions within the school) insofar as the school handles or processes their *Personal Data* in the course of their dealings with the school.

### **Definition of Data Protection Terms**

In order to properly understand the school's obligations, there are some key terms, which should be understood by all relevant school staff:

*Personal Data* means any data relating to an identified or identifiable natural person i.e. a living individual who is or can be identified either from the data or from the data in conjunction with other information that is in, or is likely to come into, the possession of the Data Controller (BoM).

*Data Controller* for the purpose of this policy is the BoM with the principal acting for the BoM in exercising the functions involved.

*Data Subject* - is an individual who is the subject of personal data.

*Data Processing* - performing any operation or set of operations on data, including:

- Obtaining, recording or keeping the data,
- Collecting, organising, storing, altering or adapting the data
- Retrieving, consulting or using the data
- Disclosing the data by transmitting, disseminating or otherwise making it available
- Aligning, combining, blocking, erasing or destroying the data.

*Data Processor* - a person who processes personal information on behalf of a data controller but does not include an employee of a data controller who processes such data in the course of their employment, for example, this might mean an employee of an organisation to which the data controller out-sources work. The Data Protection legislation places responsibilities on such entities in relation to their processing of the data. [Data Processors used by Bandonbridge are: Aladdin, the school's administration system; Sage, the school's wages' processor; ODM, the school's accountants.]

*Special categories of Personal Data* refers to *Personal Data* regarding a person's:

- racial or ethnic origin
- political opinions or religious or philosophical beliefs
- physical or mental health
- sexual life and sexual orientation
- genetic and biometric data
- criminal convictions or the alleged commission of an offence
- trade union membership

*Personal Data Breach* – a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to personal data transmitted, stored or otherwise processed. This means any compromise or loss of personal data, no matter how or where it occurs.

### **RATIONALE**

In addition to its legal obligations under the broad remit of educational legislation, the school has a legal responsibility to comply with the Data Protection Acts 1988 and 2003 and the GDPR.

This policy explains what sort of data is collected, why it is collected, for how long it will be stored and with whom it will be shared. As more and more data is generated electronically and as technological advances enable the easy distribution and retention of this data, the challenge of meeting the school's legal responsibilities has increased. The school takes its responsibilities under data protection law very seriously and wishes to put in place safe practices to safeguard individual's personal data. It is also recognised that recording factual information accurately and storing it safely facilitates an evaluation of the information, enabling the Principal and BoM to make decisions in respect of the efficient running of the school. The efficient handling of data is also essential to ensure that there is consistency and continuity where there are changes of personnel within the school and BoM.

## **OTHER LEGAL OBLIGATIONS**

Implementation of this policy takes into account the school's other legal obligations and responsibilities. Some of these are directly relevant to data protection. **For example:**

Under **Section 9(g) of the Education Act, 1998**, the parents of a student, or a student who has reached the age of 18 years, must be given access to records kept by the school relating to the progress of the student in their education.

Under **Section 20 of the Education (Welfare) Act, 2000**, the school must maintain a register of all students attending the school.

Under **Section 20(5) of the Education (Welfare) Act, 2000**, a Principal is obliged to notify certain information relating to the child's attendance in school and other matters relating to the child's educational progress to the Principal of another school to which a student is transferring. Bandonbridge N.S. sends, by post, a copy of a child's *Education Passport*, as provided by the National Council for Curriculum and Assessment, to the Principal of the Post-Primary School in which the pupil has been enrolled.

Where reports on students which have been completed by professionals, apart from Bandonbridge staff, are included in current pupil files, such reports are only passed to the Post-Primary school following express written permission having been sought and received from the parents of the said students.

Under **Section 21 of the Education (Welfare) Act, 2000**, the school must record the attendance or non-attendance of students registered at the school on each school day.

Under **Section 28 of the Education (Welfare) Act, 2000**, the School may supply *Personal Data* kept by it to certain prescribed bodies (the Department of Education and Skills, Tusla, the National Council for Special Education and other schools). The BoM must be satisfied that it will be used for a 'relevant purpose' (which includes recording a person's educational or training history or monitoring their educational or training progress; or for carrying out research into examinations, participation in education and the general effectiveness of education or training).

Under **Section 14 of the Education for Persons with Special Educational Needs Act, 2004**, the school is required to furnish to the National Council for Special Education (and its employees, which would include Special Educational Needs Organisers) such information as the Council may from time to time reasonably request.

The **Freedom of Information Act 1997** provides a qualified right to access to information held by public bodies which does not necessarily have to be "personal data", as with data protection legislation. While most schools are not currently subject to freedom of information legislation, (with the exception of schools under the

direction of Education and Training Boards), if a school has furnished information to a body covered by the Freedom of Information Act (such as the Department of Education and Skills, etc.) these records could be disclosed by that body if a request is made to that body.

Under **Section 26(4) of the Health Act, 1947** a School shall cause all reasonable facilities (including facilities for obtaining names and addresses of students attending the school) to be given to a health authority who has served a notice on it of medical inspection, e.g. a dental inspection.

Under **Children First Act 2015**, *mandated persons in schools* have responsibilities to report child welfare concerns to TUSLA- Child and Family Agency (or in the event of an emergency and the unavailability of TUSLA, to An Garda Síochána).

## **RELATIONSHIP TO CHARACTERISTIC SPIRIT OF THE SCHOOL:**

Bandonbridge N.S. seeks to:

- enable students to develop their full potential
- provide a safe and secure environment for learning
- promote respect for the diversity of values, beliefs, traditions, languages and ways of life in society.

We aim to achieve these goals while respecting the privacy and data protection rights of students, staff, parents/guardians and others who interact with us. The school wishes to achieve these aims/missions while fully respecting individuals' rights to privacy and rights under the Data Protection legislation.

- Request access to *any data* held about them by a data controller
- Prevent the processing of their data for direct-marketing purposes
- Ask to have inaccurate data amended
- Ask to have data erased once it is no longer necessary or relevant.

**Data Processors**

Where the school outsources to a data processor off-site, it is required by law to have a written contract in place. Bandonbridge N.S. third party agreement specifies the conditions under which the data may be processed, the security conditions attaching to the processing of the data and that the data must be deleted or returned upon completion or termination of the contract.

**Personal Data Breaches**

All incidents in which personal data has been put at risk must be reported to the Office of the Data Protection Commissioner within 72 hours

When the personal data breach is likely to result in a high risk to the rights and freedoms of natural persons, the BoM must communicate the personal data breach to the data subject without undue delay

If a data processor becomes aware of a personal data breach, it must bring this to the attention of the data controller (BoM) without undue delay.

### **Dealing with a data access request**

Individuals are entitled to a copy of their personal data on written request.

The controller will provide information to the data subject without undue delay and in any event within one month of receipt of the request. However, that period may be extended by two further months where necessary, taking into account the complexity and number of the requests. The controller shall inform the data subject of any such extension within one month of receipt of the request, together with the reasons for the delay. Where the data subject makes the request by electronic form means, the information shall be provided by electronic means where possible, unless otherwise requested by the data subject.

Information will generally be provided free of charge. However, where requests from a data subject are manifestly unfounded or excessive, in particular because of their repetitive character, the controller may either:

1. charge a reasonable fee taking into account the administrative costs of providing the information or communication or taking the action requested; or
2. refuse to act on the request

No personal data can be supplied relating to another individual unless that third party has consented to the disclosure of their data to the applicant. Data will be carefully redacted to omit references to any other individual and only where it has not been possible to redact the data to ensure that the third party is not identifiable would the school refuse to furnish the data to the applicant.

## **PROVIDING INFORMATION OVER THE PHONE**

- Suggest that the caller put their request in writing if the employee is not sure about the identity of the caller and in circumstances where the identity of the caller cannot be verified
- Refer the request to the principal for assistance in difficult situations. No employee should feel forced into disclosing personal information.

The entire staff must be familiar with the Data Protection Policy and ready to put it into practice in accordance with the specified implementation arrangements.

Parents/guardians and students will be informed of the Data Protection Policy from the time of enrolment of the student e.g. by including the Data Protection Policy as part of the Enrolment Pack, by either enclosing it or incorporating it as an appendix to the enrolment form.

## **MONITORING THE IMPLEMENTATION OF THE POLICY**

The implementation of the policy shall be monitored by the Principal, staff and the BoM

## **REVIEWING AND EVALUATING THE POLICY**

The policy will be reviewed and evaluated periodically. On-going review and evaluation will take cognisance of changing information or guidelines (e.g. from the Data Protection Commissioner, Department of Education and Skills or TUSLA), legislation and feedback from parents/guardians, students, school staff and others. The policy will be revised as necessary in the light of such review and evaluation and within the framework of school planning

When evaluating the following points could be considered:

- Students, staff and parents/guardians are aware of the policy
- Requests for access to personal data are dealt with effectively
- Personal data records are accurate
